## Determination of Patent Term Adjustment under 35 U.S.C. 154 (b) (application filed on or after May 29, 2000)

The Patent Term Adjustment to date is 54 day(s). If the issue fee is paid on the date that is three months after the mailing date of this notice and the patent issues on the Tuesday before the date that is 28 weeks (six and a half months) after the mailing date of this notice, the Patent Term Adjustment will be 54 day(s).

If a Continued Prosecution Application (CPA) was filed in the above-identified application, the filing date that determines Patent Term Adjustment is the filing date of the most recent CPA.

Applicant will be able to obtain more detailed information by accessing the Patent Application Information Retrieval (PAIR) system (<http://pair.uspto.gov>).

Any questions regarding the Patent Term Extension or Adjustment determination should be directed to the Office of Patent Legal Administration at (703) 305-1383. ## Notice of Fee Increase on October 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after October 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on October 1, 2003. See Revision of Patent Fees for Fiscal Year 2004; Final Rule, 68 Fed. Reg. 41532, 41533, 41534 (July 14, 2003).

The current fee schedule is accessible from (<http://www.uspto.gov/main/howtofees.htm>).

If the fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due" but not the correct amount in view of the fee increase, a "Notice of Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice of Pay Balance of Issue Fee," if the response to the Notice of Allowance is to be filed on or after October 1, 2003 (or mailed with a certificate of mailing on or after October 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously-paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Effective October 1, 2003, 37 CFR 1.18 is amended by revising paragraphs (a) through (c) to read as set forth below.

### Section 1.18 Patent post allowance (including issue) fees.

- (a) Issue fee for issuing each original or reissue patent, except a design or plant patent:
- |                                       |            |
|---------------------------------------|------------|
| By a small entity (Sec. 1.27(a))..... | \$665.00   |
| By other than a small entity.....     | \$1,330.00 |
- (b) Issue fee for issuing a design patent:
- |                                       |          |
|---------------------------------------|----------|
| By a small entity (Sec. 1.27(a))..... | \$240.00 |
| By other than a small entity.....     | \$480.00 |
- (c) Issue fee for issuing a plant patent:
- |                                       |          |
|---------------------------------------|----------|
| By a small entity (Sec. 1.27(a))..... | \$320.00 |
| By other than a small entity.....     | \$640.00 |

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

## **DETAILED ACTION**

### ***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 09/22/03 (paper #9) has been entered.
2. Applicant has amended claims 1 and 10. Claims 6-9 and 14 were previously allowed in paper # 6. Claims 1-14 are pending.

### ***Allowable Subject Matter***

3. Claims 1-14 are allowed.
4. The following is a statement of reasons for the indication of allowable subject matter:

Regarding claims 1 and 10: The closest prior art of Stenzel et al. (U.S. patent 4,591,707) teaches to place a layer of a hallmark/watermark onto a paper substrate wherein the paper is then printed either before or after the watermark has been applied to the paper (Stenzel et al.; col. 3 lines 60-67). Stenzel does not teach the feature of

Art Unit: 2623

wherein watermark layer affects "the printed image such that the digital watermark is readable from a digital image scanned from the printed image". Martin (U.S. patent 6,390,362 B1) teaches wherein a watermark or a void pantograph on a document when copied results in the watermark or the word "void" appearing in the copies that are produced. Martin does not teach nor suggest the feature of applying a layer of a first material to a substrate wherein a print is printed on the substrate containing this first layer. There is no teaching or suggestion to combine the prior art of record.

Regarding claims 6 and 9: The closest prior art of Stenzel discloses to place a watermark of a paper substrate. Stenzel does not the feature of placing a first material, representing a digital watermark, on a screen nor teaches a screen having different reflective characteristics, representing a digital watermark.
